

BOS	Source	Summary
Common LTA	CEB/2011/HLC M_PN/10	Members of the Procurement Network are allowed to integrate the presented issues on Cooperation with UN entities, Long-Term Agreement /Framework Agreement/System Contracts, and Conducting procurement on behalf of other UN entities into their entity-specific procurement manuals. (Para. 39)
Common Vendor Database	CEB/2008/3	The United Nations system Common vendor database was finalized for inclusion in the business practices plan of action, especially in connection with its potential as a knowledge-sharing and e-tendering platform, as well as with regard to the issue of suspect vendors. (Para. 66)
	E/2012/67	The Procurement framework allows for a common decision mechanism for dealing with suspect vendors and responds to the need for transparency, accountability and effectiveness in United Nations system organizations' internal procurement processes. (Para. 52)
Common Glossary of Terms	CEB/2012/HLC M_PN/12	The Procurement Network endorsed the common glossary of terms , and encouraged its members to use the glossary of terms within their operational frameworks, subject to internal reviews. (Para. 1)
Common Procurement Team	CEB/2013/3	In order to reduce costs and achieve efficiencies, a concrete collaboration example is to establish a common procurement team . This team works together twice a week to handle all of the joint procurement for each agencies. (Para. 32)
Joint Procurement Review Process and Committees	CEB/2015/5	The work carried out by HLCM and its networks has applied the concept of harmonizing up to the level required to accept other organizations' business practices . The mutual acceptance of procurement review processes would be substantial benefit within an agreed framework. (Para. 20)
	CEB/2011/HLC M_PN/10	The Procurement Network allows to its members to waive a secondary procurement review , e.g. when cooperating with other UN entities through Joint Solicitation, Re-Use of another UN entity tender result, UN-Entity Contract or Agreement and Procurement from a UN Entity, while ensuring appropriate internal control. (Para. 40)
Joint Procurement Services and Training	CEB/2008/3	Support for the “Delivering as One” pilots and other country operations. Procurement tools and training materials included a number of activities involving other UN entities in the supply chain. (Para. 66)
Standard Procurement Toolkit	CEB/2012/HLC M_PN/11	The Procurement Network developed standardised table of contents for UN procurement manuals and its members are allowed to adopt the standardised table of contents in their procurement manuals over time and as appropriate. (Para. 282)

BOS	Source	Summary
Harmonized Vacancy Format	CEB/2011/3	The High-Level Committee on Management agreed on the Plan of Action for the Harmonization of Business Practices (HBP), which prioritized selection process, development of harmonized vacancy announcements and job classification standards for the opening of vacancies on a reciprocal basis on functional clusters. (Para. 74)
	CEB/2011/5	Harmonization of vacancy advertisements and selection processes at country level for GS and National Officers positions was identified as priorities, especially the development of tools for the evaluation stage: templates for harmonized assessment tests and interviews. The aim is to reduce competition locally, and ultimately take advantage of economies of scale. The project would seek inter-agency participation and the sharing of rosters of pre-screened candidates. (Para. 99)
Inter-agency Recruitment	E/2014/69	Harmonized recruitment practices in the field is promoted in response to the call by the General Assembly in its resolutions for improved harmonization in human resources. Tools have been created to simplify joint recruitment in order to speed up hiring and to increase mobility for national officers and General Service staff in the field in the “Delivering as one” pilot countries. (Para. 51)
Inter-agency Review Panels	CEB/2011/3	The High-Level Committee on Management agreed on the Plan of Action for the Harmonization of Business Practices (HBP), which prioritized the launch of pilots for the establishment of a single Central Review Body in local duty stations. (Para. 74)
Joint Staff Counseling and Training	E/2012/67	The United Nations Development Group, jointly with the High-level Committee on Management, and the United Nations Staff College have developed training courses in support of country level harmonization. (Para. 43)
Common UN Consultant Rosters	E/2012/67	United Nations Development Group has developed and implemented a roster system managing support and resources in various operational fields in support of country level harmonization and simplification efforts. (Para. 43)
Common Learning System	CEB/2016/3	The Human Resources Network of the High-level Committee as a coordination platform for systematically increasing operational effectiveness, building human resources capabilities and enhancing inter-agency knowledge management , providing better care and support for staff, proactive inter-agency talent and competency development. (Para. 35)
	One United Nations Report	The UN system has intensified its efforts to more effectively manage and share knowledge and promote a system-wide learning culture rooted in shared values and common objectives for all staff of the UN system. (Para. 8)

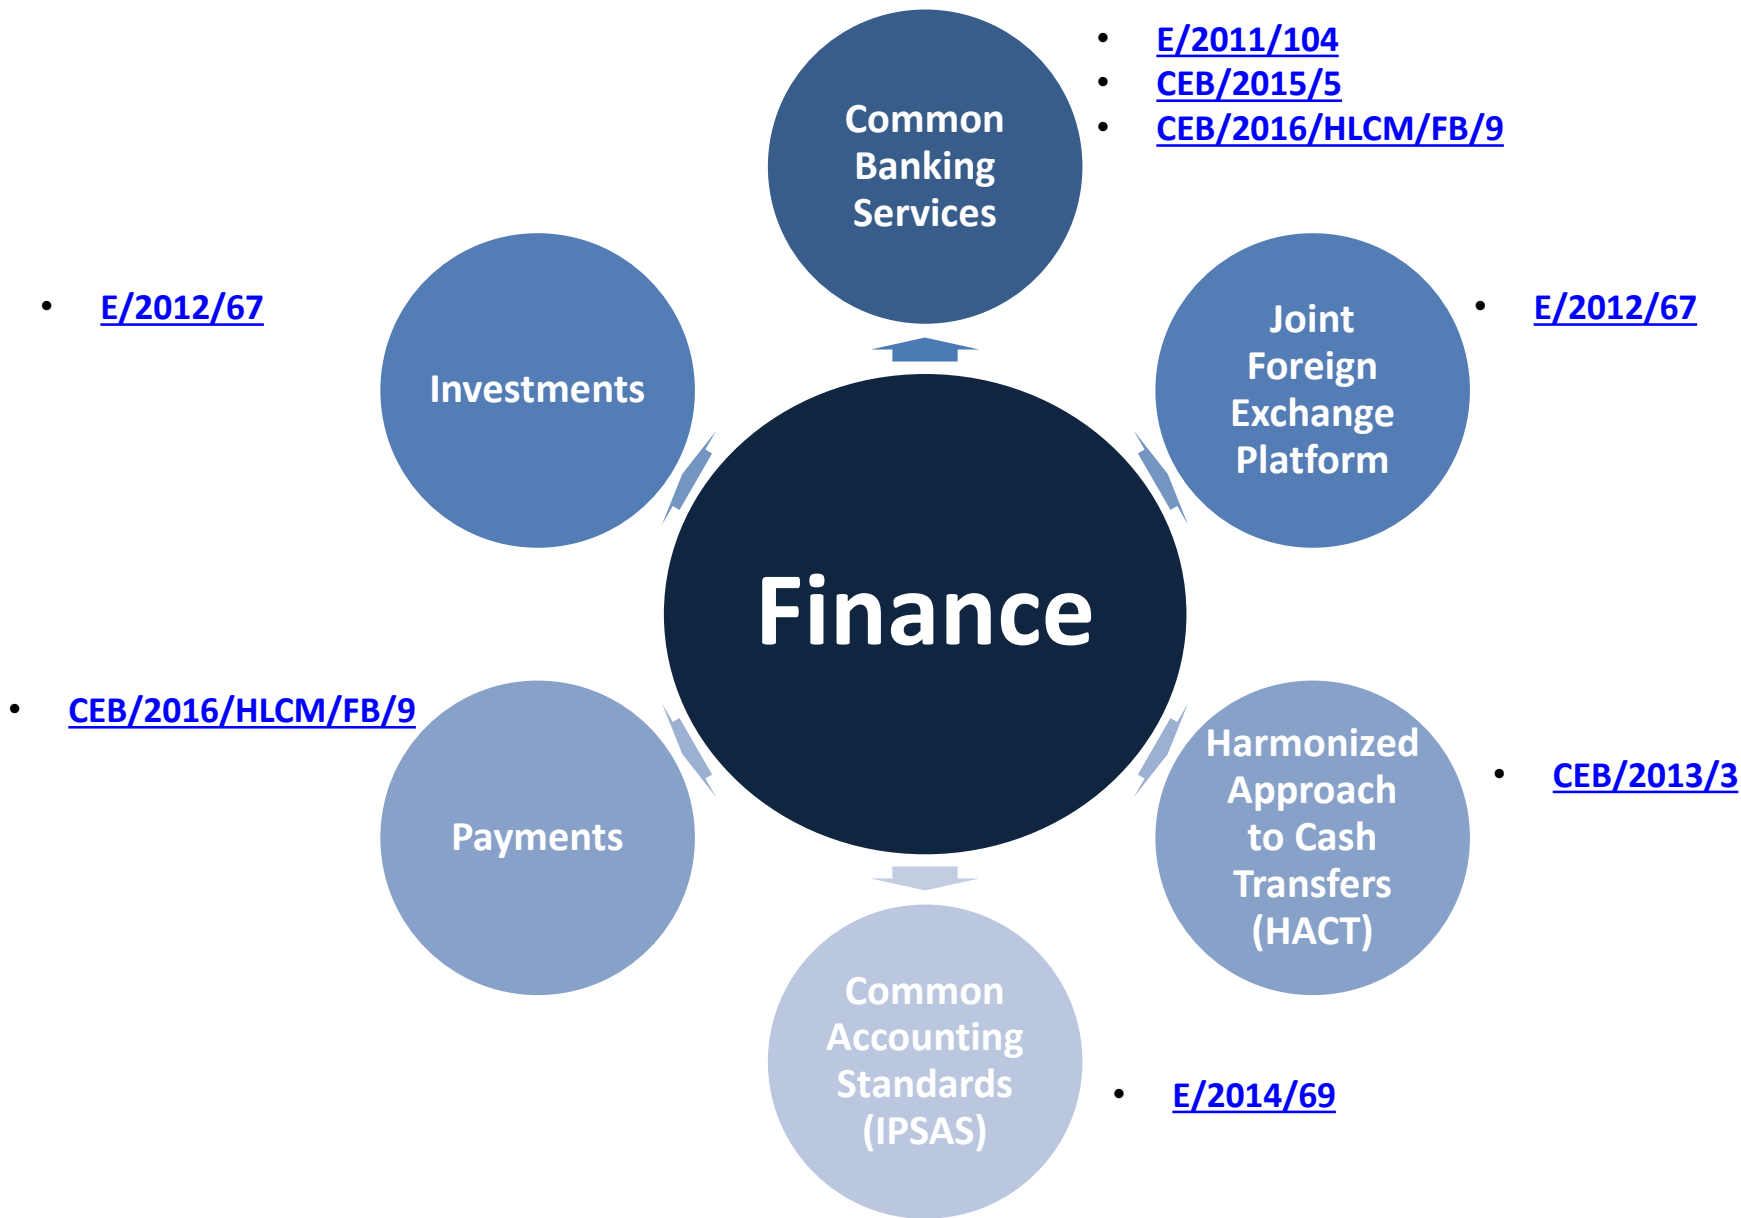

BOS	Source	Summary
Common ICT Security	CEB/2011/5	Following the request to HLCM and HLCP by CEB, inter-agency activities in cyber security area have taken place. HLCM called on organizations to take steps to protect systems against cyber security threats and to participate in and support cyber security activities. (Para. 156)
	CEB/2011/3	The ICT Network of CEB reported its work plan with the view to focus on a limited number of high-priority activities: information security , data communications and the ICT costing study. (Para. 110)
Inter-Agency Collaboration Services	CEB/2012/HLCM/ICT/6	ICT Network consolidate the proposal to the development of the inter-agency communications for the HLCM Harmonization of Business Practices initiative. (Para. 33)
